[Swiftech Chip Tuning Software 30](#)

The screenshot displays the Swiftech v1.8.0.0 software interface. The main window title is "Swiftec v1.8.0.0 DEV021 AN0151 - 'EDC17 Boost Pressure [mBAR]' 0x02D880 (16 x 16)". The interface includes a menu bar (Project, View, Modify, Map Manager, Help), a toolbar with various icons, and a main data table. A context menu is open over the table, showing options like Absolute, Percentage, +1, -1, Change by edit, Swap axis, Copy, Extended Copy By, Paste, Undo, Copy to similar MAPs, View, MAP Filter, and Map Manager. The data table has columns for RPM/FUEL (0.0 to 70.0) and rows for various fuel levels (850 to 4800). On the right, a tree view shows a hierarchy of parameters under "My MAPs", including "EDC17", "Drivers Wish [NM]", "Injection Limiter Via FAP Pressure [NM]", "Torque [NM]", "Speed Limiter Via Temp [ENGINE LOAD]", "Advance [DEG]", "Advance Limiter [DEG]", "Injector Opening Time [mSCD]", "Geometry Control [DUTY CYCLE %]", and "Boost Pressure [mBAR]". The status bar at the bottom shows "ORIGINAL | 4079_BF30.ori [0000BF30] | MODIFIED | 4079_BF30.ori [0000B9B1] | MAP NAME | CHK INFO | NoCHK".
